Education

D.G. Ruparel College of Arts, Science and Commerce (Mumbai University)
Bachelor of Commerce (2024 to present)

The Institute of Science (Dr. Homi Bhabha State University)
Bachelor of Science Business & AI (2025 to present)

Projects

Tic Tac Toe Game

Digital Project | The Institute of Science

- Developed a console-based two-player Tic-Tac-Toe game using C programming, implementing complete game logic and win conditions.
- Integrated an MCQ-based gameplay mechanism with 5 difficulty levels, requiring correct answers to proceed with moves.

Gram.AI - Multimodal Medical AI Assistant

Healthcare AI Project | Role: Head Developer | Neurovia Team | AI Symposium & Hackathon

- Developed a multimodal Medical AI Assistant using Fast API, java and Ollama for text, image, and voice-based interaction.
- Integrated Med Gemma LLM, Vertex AI and Google Cloud APIs for speech recognition, translation, and AI-powered medical analysis.
- Built patient history and analytics modules using SQLite and SQL Alchemy ORM.

Custom Handwired Mechanical Keyboard

Hardware Project | DIY Electronics & Embedded Systems | I.O.T.

- Built a custom handwired mechanical keyboard using QMK firmware and open-source ScottyKeebs design.
- Performed switch soldering, matrix wiring, and firmware configuration for functional keyboard input.
- Customized key mapping and hardware assembly to improve typing ergonomics and performance.

Graphic Design

Digital Design | GIMP | Adobe Photoshop

- Designed posters, social media creatives, banners, thumbnails, and promotional materials using GIMP and Adobe Photoshop.
- Created visually engaging layouts with a focus on typography, color theory, and composition.
- Developed branding concepts, presentation graphics, and marketing assets for academic and personal projects.
- Performed photo editing, image manipulation, retouching, and digital artwork creation.
- Maintained a portfolio showcasing creative designs and visual communication projects.
